Amendment slip no.-1 of December, 2023 in Schedule of technical requirements for Anodized Aluminum Braille Stickers for Signage on Railway coaches.

In MMDTS22001, Rev-nil following new sub clause 9.6 has been added as under.

Sub Clause 9.6:

The supplier shall submit Technical data sheets and material safety data sheet for the sticker, Test reports as per clause 4 by an accredited agency, Certificate from the National Association for Blind (NAB) or equivalent agency for readability and correctness of the Braille text on the stickers along with offer during tender. In the certificate from the NAB, the agency shall specify the language (English/Hindi/other) and the message of the Braille text on the sticker
