

Modern Coach Factory, Raebareli

Press Release

Date: 20.08.2019

On date 19/08/2019 General Manager/MCF, Suneet Sharma has inaugurated the Integrated Solution for High Capacity Bogie Assembly Line installed at bogie shop in Modern Coach Factory. This line has a capacity of producing one bogie in every 60 mins which in turn will make capable of producing 5400 bogies in a year. This line uses a modern handling system and wireless DC tools which transfers the data to the server remotely along with data acquisition, storage and traceability system by incorporating the QR code. This will completely replace the manual data collection and will digitize the data collection by taking the report from the system.

The inauguration program was also attended by PCME Anoop Kumar, CAO Alok Kumar, PCE R.B. Yadav officers and supervisors of MCF.
